

ASSIGNMENT #5: FINAL PROJECT - Trompe l'oeil Still Life

Medium: Charcoal / Carbon Pencils on High Grade Charcoal Paper Size: 16" x 20"

Using at least 5 objects, create a still life on a 16" x 20" masonite board or shallow box that can hang on the wall. You may adhere the objects with glue, pins, or any other necessary devices. Make sure to pay a great deal of attention to the composition when creating the still life. Light the still life with a single light source and mark off where the shadows fall so you can set up the light again if it moves. Your final drawing should be proportionally consistent to the still life (life size).

- You must bring your box and objects to class before you begin your final drawing so that we can critique the composition and placement of objects / lighting.

- We will have in-progress group critiques of the final project drawing before it is due.

* Your final project grade will be lowered one letter grade if you do not bring your box to class or you do not bring your drawing to class for the group critiques.
